About This Game

The only non-VR game, Oneirogen is a strange non-competitive 20-30 min room scale experience with gameplay elements.

Oneirogen is a dreamlike circular journey through the depths of the developer's subconscious. Inspired by the writings of Carl Jung and Joseph Campbell, this surreal experience was made for room scale VR from the ground up. Flow from one environment to the next as you experience a magical trip through mysterious realms.

Spend as long as you like in each scene, there are no timers or scores.

No deaths, killing, or intense violence. (Safe for children)

No UI or menus. (Great for showing to newcomers to VR or gaming)

No teleportation. Built with a 3mx3m space in mind. (Limited smooth locomotion available with thumb pad/stick for smaller spaces)

Find the 4 hidden tokens to unlock minigames in the starting room

All proceeds support the artist to develop bigger and better and weirder VR things!

. Simple concept, but with the myriad of ways you get to destroy these poor dummies, it is SO MUCH FNU!. these tracks are really catchy. my favourite is strange wiggles.. the best wuxia game i every play, keep it up. Hot Blondes, threesomes, clown serial killer, being a detective sure is frisky business!!. its fun this game have more maps now can jump and excellent graphics but just white and pink colors .BEST. This game is so enjoyable. Get it you will not regret it.. it's not what i expected but still recamended for others. Amazing effects, feels like real magic, but I had to ask some magicians to make sure.

MUST BUY AND ON THE LAST LEVEL I GOT A SCORE ATTACK OF 103 !!!!. This is a puzzle game with some light hentai CGs. It launched before Hentai AHEGAO and it's better. How could that be? Impressive.

This game works fine. The CGs are not that wonderful, but it's a cheap game. I recommend for hentai puzzle collectors.. I started to play with on a gamer laptop. It's several years old and lagging like hell. I couldn't play with it a minute.... I love this soundtrack so much.... Game is extremely boring, and you dont really do anything except move slider bars for prices and watch the planes. Not even close to what I was expecting.
